PROFESSIONAL SUMMARY

Experienced in ASP.NET Core (MVC), C#, Entity Framework, and Razor Pages for full-stack web development. Proficient in HTML, CSS, JavaScript, SQL, with strong knowledge of OOP, SOLID principles, design patterns, LINQ, and Git/GitHub.

Strong problem-solving, communication, teamwork, and time management skills, with the ability to deliver clean, scalable, and high-quality solutions in fast-paced environments.

EDUCATION

Bachelor's in Computer Information Systems

10/2021 – 06/2025

Al-Balqa Applied University

- GPA: 3.33 / 4.0 (Very Good)
- Ranked 3rd in class

EXPERIENCE

Full-Stack Developer (Intern)

02/2026 – Present

Orange

- Developed and maintained web applications using ASP.NET Core (MVC) and C#, Built full-stack features across front-end and back-end components, Consumed RESTful APIs to retrieve and display data within the application, Used LINQ to query and manipulate data efficiently within the application, Integrated SQL databases and handled data operations efficiently, Collaborated with team members to implement new features and resolve issues.
- Technologies: ASP.NET Core, C#, Entity Framework, SQL, LINQ, REST APIs, JavaScript, HTML, CSS

Software Engineer (Intern)

07/2025 – 09/2025

KayanHr

- Worked at KayanHR, focusing on .NET Core (MVC) development. Contributed to building scalable web applications, utilizing technologies like C#, Entity Framework, and SQL. Collaborated on backend development, enhancing performance and ensuring efficient database management through best practices, Collaborated with the development team following best practices.
- Technologies: .NET Core, C#, Entity Framework, SQL

Game Developer (Intern)

03/2025 – 06/2025

Maysalward

- Developed game features using C#, Assisted in implementing gameplay mechanics and debugging issues, Gained hands-on experience in game development workflows.
- Technologies: C#, Unity

PROJECTS

Gold Tracker 🔗

- Built a web application to track gold prices using external APIs, Implemented user authentication and input validation, Added multi-currency support (JOD/USD), Used Local and Session Storage to manage user data and interactions.
- Technologies: HTML, CSS, JavaScript, APIs

Personal Portfolio

- Designed and developed a personal portfolio website to showcase projects and skills, Built responsive and modern UI using HTML and CSS, Organized projects with clear structure and easy navigation, Deployed the website using GitHub Pages for public access.
- Technologies: HTML, CSS, GitHub Pages

JobShop

- Developed a platform combining freelancing services and an online store, Implemented features for posting, purchasing, and managing services and products, Built an admin dashboard for managing users and content, Focused on user experience and basic security features for safe transactions.
- Technologies: HTML, CSS, JavaScript, ASP.Net, MySQL

Book Review

- Developed a full-stack web application where users can add, edit, and delete books and reviews, Implemented user authentication and role-based access (admin/user), Built an admin dashboard for managing users and content, Designed a user-friendly interface for organizing and reviewing books.
- Technologies: Laravel, PHP, HTML, CSS, JavaScript

SKILLS

Programming Languages : C#, JavaScript, SQL

Backend Development : ASP.NET Core (MVC), Entity Framework, LINQ, RESTful APIs

Frontend Development : HTML5, CSS3, JavaScript, Responsive Web Design

Databases : SQL Server, Relational Database Design, Stored Procedures

Software Engineering Concepts : Object-Oriented Programming (OOP), SOLID Principles, Clean Code Practices

Tools & Version Control : Git, GitHub, Visual Studio, Visual Studio Code

Soft Skills : Problem-solving, Teamwork, Communication, Time management, Adaptability, Fast learner, Attention to detail

COURSES

ASP.NET (MVC)

12/2023

The Hope International Company

Full Stack Web Development

02/2024

DOT Jordan

Git & GitHub

08/2025

Kit

Full Stack Laravel

10/2025

Kit

VOLUNTEER

Leader Logistic

09/2024 – 06/2025

- Volunteered as a Logistics Leader at IEEE, organizing tech events, coordinating resources, and ensuring smooth execution. Gained strong leadership, planning, and event management skills in a dynamic, volunteer-based environment requiring efficiency and teamwork.
